

## Exe Version AC25W / AC30W I.S. Power Supplies

Power Supplies

AUSTDAC PTY. LTD.

A.B.N. 31 002 654 695

Austdac has designed an Exe version of the Resistive and Active Power Supply. This allows any of the AC25W or AC30W power supplies to be mounted in any IP54 (min) rated enclosure. This means no more FLP or specially designed Exe enclosures, allowing these power supplies to be mounted in accessible convenient locations without the need for expensive enclosures.

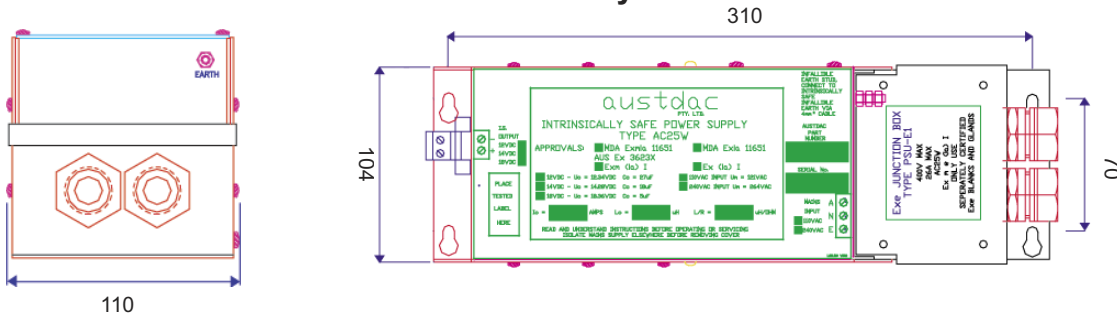

### Certification Number:

AC25W:       AUS Ex 3623X  
AC30W:       AUS Ex 01.3766X
