

# S.C.S.R. Belts and Straps

## Belts Sized for Perfect Fit

With a choice of 4 sizes, your S.C.S.R. accessory belt will fit perfectly for improved freedom of motion.

To select the proper size, measure your waist size, in centimetres, at belt length.

Then, using the Belt Sizing Chart as a guide, select the corresponding belt length.

(Note: by selecting a belt size which has adjustments both larger and smaller than your current waist size, you can allow for future weight loss or gain).

Three layers of tough, flexible nylon, firmly stitched together. 7.5cm wide, approximately 2.5cm x 25.5cm accessory strap on each side for battery pack, S.C.S.R.S, etc. Stainless steel, reinforced buckle. D-rings on top for shoulder straps. Sizes: S, M, L, XL, (see chart for correct size). Reflective strips.

## Belt Sizing Chart\*

Belts	Lengths (cm)
X-Large	114-129
Large	99-114
Medium	91-109
Small	71-86

\*All belts are 7.5cm wide.

## Shoulder Straps

Added distribution of belt load. Three clips attach to D-rings on belt. Tough, double-stitched nylon. Adjustable length: one size fits all. Reflective strips.
